

CALL FOR PAPERS

International Conference on SCREW MACHINES 7 - 8 September 2022

We invite authors to submit their papers on

- » twin screw compressors
- » twin screw expanders
- » screw vacuum pumps
- » screw pumps for liquids or multiphase fluids
- » single screw machines

with focus on research and development, e.g.

design

- » modelling and simulation (fluid or structure)
- » fundamental investigations
- » optimisation
- » tribology, materials, and coating

manufacturing

- » process technologies
- » design for manufacturing
- » testing

applications

- » holistic design approaches
- » instrumentation and control engineering
- » maintenance, service, and monitoring
- » sound and vibrations
- » novel applications

Submit your abstract by 20 January 2022:

www.icsm.tu-dortmund.de

DEADLINES

Abstract

Submission (extended) 20/01/2022
Acceptance notification 24/01/2022

Manuscript

Submission 04/04/2022
Acceptance notification 09/05/2022
